

Find a Practitioner

PLEASE NOTE:

1) In order to use the distance parameter (within a certain range of miles), you MUST enter a zip code.

2) If a 100-mile radius search returns an error, use a 50-mile radius to get accurate results.

```
;(function( $ ) { "use strict"
    var has_submitted = false;
    jQuery( 'form#mod_SearchFormPage > .mc-button' ).on(
    'click', function(){
        if( has_submitted ){
            return false;
        }
        var $btn =
        jQuery( this );
        $btn.prop( 'disabled', true );
        jQuery(
        'form#mod_SearchFormPage').submit();
        has_submitted = true;
        return true;
    });
})( jQuery );
```
